Community Programs 19-20

Dear Members,

I'm the new President and CEO of the YMCA of Montclair and I'm looking forward to my first summer here.

We have many exciting summer opportunities at our YMCA and I hope that you'll take part in them.

To kick off the summer, the week of June 11 we'll run Splash Week, our water safety program. We dedicate the week to teaching about water safety and equip kids and adults new to swimming with basic swimming skills. Also, be sure to check out our Progressive Swim Program that teaches swimming under the guidelines of the National YMCA Program. The program includes personal safety, stroke development and building confidence.

Sign your child up for a summer filled with adventure, healthy fun, personal growth, memories and friendships at one of our 10 summer camps for campers ages 3-15. We offer traditional camps and specialty camps focusing on STEM, Sports, Enrichment and Academics.

The YMCA is where you and your family belong. To help with this, we're introducing three new family membership offerings with enhanced benefits to make it easier and more cost effective for your family to participate in YMCA of Montclair programs and learn to live healthy lifestyles together.

As you look forward to summer, we at the YMCA of Montclair look forward to serving you and helping you and your family build mind, body and spirit.

BEFORE AND AFTER SCHOOL PROGRAMS

Looking ahead to fall...before and after school programs offered in public schools in Montclair, Bloomfield, Verona and Cedar Grove School Age Child Care is designed to provide care for children kindergarten through eighth grade while parents are working. Children will participate in the program at the school they attend during the school day.

The program focuses on building self-confidence and character and follows the standards of the National YMCA School Age Curriculum, emphasizing the YMCA's four core values in character development: **Caring • Honesty • Respect • Responsibility**

When children enter one of our state licensed YMCA School Age Child Care Programs, a world of growth opens up to

them in a safe, fun and enriching environment. In addition to supplementing what they learned in school, they have the opportunity to participate in a variety of structured activities, get assistance with their homework from trained YMCA staff, have a chance to socialize with their peers and form new relationships. We also see an importance of giving them some time to participate in staff supervised free play, which is vital for their development, growth and self confidence. For a 2018-2019 School Age Child Care brochure, please visit us online at montclairymca.org or call Lisa Aulisi at 973-415-6134.

Children who need to start the program on the first day of school must be registered on or before Tuesday, August 28, 2018. Early Registration is required!

.....

A.C.E.: ACADEMIC CAMP EXPERIENCE ENTERING 2ND-5TH GRADES

Research has shown that during the summer months, students can lose up to 6 months of school work- putting them behind in September when they go back to school. A.C.E. camp is an academic camp that not only has kids going up the summer slide, but it is done in a creative way so it feels like camp and not summer school. A.C.E. camp uses themes and plans accordingly, incorporating them into the math, reading and literacy classes. Included is science, art, music, physical play and one field trip per session (Friday).

.....

SUMMER SPARKS GRADES 1ST-6TH

Summer Sparks enrichment programs are completely hands on as well as highly interactive. Program examples are science, writing, social skills, building, drama, music, travel and so much more. It's your child's choice of morning or afternoon sessions or sign up for a full day (2 sessions). Enrichment activities expand the minds of campers and keep them educationally engaged in a fun way during the summer months.

YBA: YOUTH BASKETBALL ALL-STARS AGES 8-13

Youth Basketball All Stars Camp (YBA) continues to be the perfect place for your basketball enthusiasts. YBA is an intense program for basketball players of varying abilities. Campers further develop their skills, learn game strategies and achieve goals on and off the court. Each day is spent improving fundamentals, performing interactive drills, building offensive and defensive skills, playing tournaments and getting in shape.

(Limited spaces per session)

.....

SUMMER QUEST AGES 14-15

Teens today are already equipped with the desire to work, earn money and be independent. The YMCA knows this because we have hired a few Quest graduates! Quest gives teens the skills and know-how to enter the workforce with confidence, leadership and experience. Counselors work with the campers in creative and skills based ways. After two weeks of hands on learning, the teens get to put their newly acquired skills to the test by interning for two weeks in a camp working with kids or within the Y with membership. They receive ongoing supervision, role-modeling and feedback for their camp and future portfolio.

.....

G.A.P.: GAINING ACADEMICS PROGRAM ENTERING 1ST-4TH GRADES

G.A.P. camp helps bridge the gap between the summer months and the new school year. It prepares the campers to return back to school more confident and with increased skills. G.A.P. focuses on reading, writing and math in an engaging and hands on way- it is camp after all!

MENTAL HEALTH FIRST AID TRAINING

Just as CPR helps you assist an individual having a heart attack — even if you have no clinical training — Mental Health First Aid helps you assist someone experiencing a mental health related crisis.

Mental Health First Aid is an in-person training course where you learn risk factors and warning signs for mental health and addiction concerns, strategies for how to help someone in both crisis and non-crisis situations, and where to turn for help. Two separate courses are offered:

- adults helping adults
- adults helping youth and teens

For more information please contact kgriffiths@montclairymca.org or 973-415-6102.

Fall courses will be listed in the Fall brochure.

THE BUDDY PROGRAM

Members helping members with special needs to exercise. We link member volunteers with members with special needs (autism, cognitive disability, blindness, etc.), who could use a little assistance to navigate the Y and get through a workout. Support may include help in the cardio room, guidance in the weight room and pool, or just getting from room to room. Emotional support and encouragement is also a big part of being a Buddy. Buddies are not expected to, or allowed to, assist in the locker rooms. Family members must provide any assistance required. The Y will provide training and ongoing support for volunteers. All that is needed is a desire to get involved. Contact Kimberley Griffiths at kgriffiths@montclairymca.org or 973.415.6102
